

Good evening!

Just a few reminders:

*If you would still like to order a yearbook, you can order online at www.inter-state.com/yearbook code 23118y.

*Tuesday, December 19th is group picture day for many WT teams and clubs.

*The Santa Shop will be open next week. Forms were sent home last week. The buying times are
NANCE HR- Wednesday, Dec 13th 9:30am
SCHEFER HR- Monday, Dec 11th 12:15pm

*We started a new unit in Math. From now until winter break, we will cover Fraction Number Sense. This includes equivalent fractions, simplifying, common denominators, comparing & ordering fractions, and converting between mixed numbers and improper fractions. The NanceNinjas.com website math page has already been updated with this information. After break, will move on to Adding & Subtracting Fractions & Mixed Numbers, then Multiplying & Dividing Fractions & Mixed Numbers afterwards.

*In Science, the students are spending 2 weeks learning the basic of computer programming. We started with a "cupstacks" activity where they practiced writing detailed instructions using a given code system. They are now using the Code.org site. It is accessible from home with their class code and password.

Have a great evening!
