

5th Grade Math Test Retake Contract

In order to retake a test, students will be required to complete the items below. Keep in mind that the main goal is to ensure that students understand the given material before retaking the test. By retaking a test, it is possible to earn a higher score. Whichever grade is the highest (new score or old test score) will be the grade that is recorded.

Requirements:

1. You must get your original test signed by a parent or guardian and let the parent/guardian know you are working to improve your score.
2. The Retake Contract sheet (this page) must be signed and turned in within two days of the test being passed back.
3. You must correct every question you missed using the Error Analysis form and get a parent/guardian signature on the Error Analysis form paper as well. Detailed explanations of why you missed the original question must be included. Explanations such as, "I made a mistake," etc., will not be accepted. Remember, the purpose of this retake is for you to understand what you did wrong in order to improve your grade on your retake.
4. The Test Correction form must be turned in on the day of the retake.
5. Once the tests are returned, it is the student's responsibility to ask the teacher for the Retake Contract and the Test Correction form, or print both off from Mrs. Nance's website (NanceNinjas.com > Parent Info).
6. Retakes can occur (1) during a working lunch and recess, (2) during the student's Intervention period, or (3) after school. Arrangements will be made to fit each student's situation best.

Skill or Standard to Retake: _____

(Student Signature)

(Parent/Guardian Signature)

Error Analysis Sheet

Detailed explanations of why you missed the original question **MUST** be included. Explanations such as, "I made a mistake," etc., will not be accepted. Remember, the purpose of this task is for you to understand what you did wrong in order to improve your understanding of the concept as well as the grade on your retest.

Problem Number
