

Just a few odds 'n ends...

SumDog

The students currently have free SumDog accounts (<http://www.sumdog.com>) to practice math skills. They have some games they can play, but need a subscription to do everything available on the site. If you would like your child to have the full subscription, please send in \$2 by next Thursday, 10/20.

Report Cards

Grades for report cards were extended due to ongoing internet issues last week. Report cards will be sent home Friday, Oct 21st. Grades in RDS are final for all subjects as of Monday, 10/17. Math has already been completed. They will not receive a Science grade until the 2nd grading period report card. Science grades are updated except for the Constellation writing grades, which will likely take through the weekend. If a student is marked "Missing" for any assignments, I have talked to them individually about what is missing, and they may still complete the work and resubmit it for points.

RDS

If you have not yet started using RDS to check your child's grades, go to this site to request an Activation Code:

<http://evscicats.com/support/parent-access-support/>

If you already have an Activation Code, access the site here:

<http://rdsteach.evsc.k12.in.us/rdsparentaccess/>

DARE Field Trip

Most of the forms & money have been submitted for the DARE field trip. Please send them in tomorrow if you haven't already. If your child lost their form, just write your permission on a slip of paper.
